POLARIS ACCESSORIES

SPORTSMAN XP 1000

This storage box is designed for SPORTSMAN XP 1000 and excellently completes the image of the quad.

RZR 570

The box is designed specifically for the Polaris RZR 570.

TURING 570

TOURING 570 REAR BOX

This box is designed specifically for the POLARIS TOURING 570 ATV. During the development, we took into account all the features of the ATV luggage rack and the backrest. The box fits perfectly into the rear rack.

It does not protrude over the outer dimensions of your quad and allows a rider to move or bend freely within the quad while driving.

It takes nearly 30 seconds to install or remove the box.

To set it all you have to do is fixate quick-release fasteners in the existing openings in the rack. No additional tool needed.

High-quality metal keyed locks ensure the safety of your belongings. Special sealing rubber set on the lid of the box protects your goods from grime, dust, and water even in the most extreme conditions of use.

The ribbing increases durability and sturdiness of the box, and perfectly blends within overall design of the quad.

It has a capacity of 115 liters and can easily hold two helmets.

10-litre jerry can be designed for this model is matched to the shape of the box lid which ensures a tight fit between two items.

RZR 1000

RZR 1000 CARGO BOX

This box has been designed with regard to characteristics of POLARIS RZR XP 1000 ATV and can be mounted on the models of this series only. While developing, we took into account all the features of the ATV's luggage rack, so the box fits perfectly, even if a snorkel system is installed.

It takes not more than 30 seconds to install or remove the box, which allows you to quickly get to the hood. In order to set it all you have to do is fixate quick-release fasteners in the existing openings in the rack. Note that there is no need for any additional tool.

High-quality metal keyed locks ensure the safety of your belongings. Special sealing rubber set on the lid of the box protects your goods from grime, dust, and water even in the most extreme conditions of use.

Multiple rigidity edges bring out the modern design of the box and enhance its strength and durability.

It has a capacity of 140 litres and can easily hold several helmets. Our boxes increase the active storage capacity of your ATV luggage rack by more than 2 times.

There is a 15-litre jerry can designed for this model and it is matched to the form of the storage box cover that in turn ensures a tight fit between two items. You can set up to 2 fuel cans on 1 box.

HIGH LIFTER

HIGH LIFTER REAR BOX

This box is made in the same style as SPORTSMAN 850 HIGH LIFTER and SPORTSMAN XP 1000 HIGH LIFTER EDITION quads and mounts on these models only. In designing, all of the rear rack features have been taken into account, to ensure that the box integrates perfectly with the rack, does not protrude beyond the rack sides and does not hinder driver's movements. The set includes fasteners that fixate easily in the designated hole on the luggage compartment. Installation takes less than 30 seconds and does not require extra tool.

High-quality locks allow enjoying the off-road trip without worrying about the safety of personal items.

Rubber gasket set on the lid keeps items protected from dust and water, even under most extreme conditions of use.

The ribbing increases durability and sturdiness of the box, and perfectly blends within overall design of the quad.

The box has a capacity of 50 litres. The 5-litre jerry can designed for this box conforms the shape of the box lid for a perfect fit. You can mount up to 2 jerry cans on the box.

TURING 1000

TURING 1000 REAR BOX

This storage box is constructed specifically for POLARIS TOURING 850 SP and TOURING XP 1000 ATV models and made in the same style as ATVs. In designing, all of the rear rack features have been taken into account, to ensure that the box integrates perfectly with the rack, does not protrude beyond the rack sides and does not hinder driver's movements.

Installation takes less than 30 seconds and does not require removing the backrest and handles. Included fasteners fixates easily in the designated holes with no extra tool needed.

High-quality lock latches allow enjoying the outings without worrying about the safety of personal items. Rubber gasket that seals the lid keeps items protected from dust and water, even under severe conditions of use.

The ribbing increases durability and sturdiness of the box, and perfectly blends within overall design of the quad.

This box has a capacity of 112 litres and is large enough to store 2 helmets.

800 TITAN

800 TITAN REAR BOX

This box was developed specifically for Polaris 800 TITAN Snowmobile. We took into account all the details of the rear rack design, thus ensuring that the box fits ideally in the tunnel and doesn't protrude beyond the sides of the vehicle. This storage box will definitely enrich the exterior of your snowmobile.

Installation requires neither much time (nearly 30 seconds) nor an additional tool. All you have to do to set it is fixate quick-release fasteners in the existing openings in the rack.

High-quality metal keyed lock keeps the lid secure and closed. Gasket seal between lid and base protects your goods from grime, dust and water even in the most challenging conditions.

Doubled cover is designed in such a manner, that if you throw open the flap you can use it as a table.

The box has advanced design unlike other simple boxes similar in weight. The ribbing enhances the strength and durability of this box.

The capacity of the box is 85 litres.

OUTLAW

OUTLAW BOX

This storage box is specially created for kids' quad bikes and has several added features. It has been designed with special focus on safety and comfort of youth riders. Ergonomic seat arms, a soft back pad and contoured surface with stiffeners on the exterior will cushion the impact in case the quad falls or tumbles.

The storage box mounts onto a rack using U-shaped bolts that guarantees reliable retention on any rear rack made of metal profiles.

High-quality metal keyed lock keeps the lid secure and closed. Gasket seal between lid and base protects your goods from grime, dust and water even in the most extreme conditions of use.

The box has 70-litre capacity.

CFMOTO ACCESSORIES

CF800-Z8 *This storage box was designed specifically for side-by-side CF800-Z8 (Z10) UTV.*

The case is created according to the size of UTV luggage compartment so it fits perfectly and fills all the space. This UTV box comes with the set of quick release fasteners. It will take no more than 1 min to mount or remove it. The design of the case allows to achieve maximum proofness - the cover is set tightly on the box and presses the rubber seal. The case chords well with UTV design, does not interfere with the rear view and does not point out your vehicle. This UTV box is one-of-a-kind and has no analogues in the world. The volume of the case allows you to store 5 helmets and many other accessories for off-road exploration. 2 metal lockers with keys ensure the safety of your belongings. On the top of the UTV box, there is a special site for 2 branded 5-liter CFMOTO jerry cans. Moulding reinforced hinges easily withstand the weight of a massive cover and two canisters.

Stiffeners bring out the modern design of the box and increase its durability.

CF MOTO X10

CF MOTO 850XC / X8 / X10 FRONT BOX

The front ATV box is created for the CF Moto X10 ATV and intended for transportation of small luggage. Design features have provided that the ATV box does not exceed the ATV dimensions, and perfectly mounted on the hood. In addition, the height of ATV box does not cover the lights does not violate the driver's view. Weight of ATV box is only 3,5 kg, so an additional load on the hood ATV is negligible, which is important for the balance of the ATV design. ATV box attached to the hood quick release fasteners that do not require special tools, which makes installation easy and quick.

The complete set of ATV box includes 2 metal lock that locked by keys. This ensures security for your belongings. In addition, water- and dust-proof rubber seal on the lid of ATV box ensure cleanliness and protection of your luggage in the most demanding conditions.

CF MOTO X5

CFORCE 550 / X5 / X6 REAR BOX

The ATV box is designed specially for quad bike CFMOTO X5 h.o. and suits for this model only. It fits perfectly on the luggage rack and neither bothers the passenger nor protrudes beyond dimensions of the quad. It will make an ideal complement to your ATV.

Durable metal lockers with keys ensure the safety of your belongings.

The sealing rubber on the coffer top will protect your belongings from humidity, dirt and dust even in the toughest conditions.

The ATV box goes with quick release mounts that are installed into regular holes in luggage rack.

The case has a large volume and easily stores 2 helmets.

You can also place on it up to 4 branded canisters CFMOTO designed exclusively for this ATV box.

CFORCE 850 xc/ X8 / X10 REAR BOX
